

JL32 PARTS

Exploded views & English parts reference

JL32A commercial coffee machine

This catalogue contains 47 manufacturer-supplied technical pages, restyled for BeanToCup Malta. Original drawing references and callout numbers are retained. Foreign-language parts lists have been replaced with an English reference.

How to use this catalogue

1. Find the component callout number on the exploded drawing.
2. Match it to the English parts reference and part number.
3. Quote the part number when ordering or requesting technical advice.

Official BeanToCup Malta parts reference

Technical drawings remain the intellectual property of their respective manufacturer.
